

COFE+ Robotic Coffee Kiosk

Autonomous 24/7 Coffee Service Solution

Key Features

Production Capacity	60 cups/hour	Operating Mode	24/7 Unmanned
Beverage Options	50+ recipes	Service Time	50 seconds/cup
Robotic Arm	6-axis precision	Payment Methods	Contactless/Mobile

Technical Specifications

	Kiosk Model	Bar Model
Dimensions	2400 × 1500 × 2400 mm	1760 × 1162 × 1860 mm
Weight	450 kg	500 kg
Power Supply	220V/50Hz (default), 380V/50Hz (optional)	220V/50Hz (default), 380V/50Hz (optional)
Power Consumption	3500W (avg) / 5000W (peak)	3500W (avg) / 5000W (peak)
Coffee Bean Capacity	2 kg per hopper × 2 (optional 4 kg × 2)	1.2 kg per hopper × 2 (optional 2.5 kg × 2)
Milk Capacity	2 types, 4 bags (10-15L each)	2 types, 4 bags (10-15L each)
Syrup Options	6 types	6 types
Powder/Toppings	8 types	4-7 types
Cup Capacity	120 pcs (12oz paper) + 80 pcs (plastic)	80 pcs (12oz) + 70 pcs (plastic)
Water Supply	3 buckets (18-24L each)	3 buckets (18-24L each)

Certifications & Compliance

Quality Management	ISO 9001:2015
Environmental	ISO 14001:2015
Occupational Safety	ISO 45001:2018
Product Safety	CE, FDA, FCC

Environmental Compliance

RoHS, WEEE, NSF

International Recognition

COFE+ has received multiple international design and innovation awards, including the European Product Design Award 2022 (Top Design), IDA Design Awards 2024, and recognition at Inventions Geneva. Featured in MarketWatch and VALUE Market Research reports.

Warranty & Support

12-Month Comprehensive Warranty covering all components including robotic arm, fluid systems, electronics, and cosmetic parts. Service Level Agreement (SLA) with 24-hour response time for critical issues. Remote diagnostics and modular replacement parts for minimal downtime.
